calipto-s

Concentrated scented floor cleaner for robot vacuums and mops

HAAAS®
Hygiene activities in all spaces

Household and professional use · Robot · Scrubber-dryer · Mopping · Intensive cleaning

CHARACTERISTICS

Super-concentrated cleaner based on cationic and non-ionic surfactants for floors and water-resistant surfaces. Removes dirt effectively and leaves a pleasant, long-lasting eucalyptus scent. Dries without leaving marks. No rinsing required.

PROPERTIES (SDS section 9)

Appearance	blue liquid
Odour	eucalyptus
pH (concentrate)	approx. 10.5
pH (in-use solution)	approx. 7.2
Solubility in water	soluble
Flammability	non-flammable

FIELD OF APPLICATION

All water-resistant surfaces, floors and objects: PVC, linoleum, tiles, marble. Suitable for homes and professional premises (kitchens, bathrooms, corridors, offices). On delicate surfaces, test first on an inconspicuous area.

COMPOSITION (Regulation (EC) No 648/2004)

Less than 5%: cationic surfactants, EDTA and salts thereof. 5–15%: non-ionic surfactants. Perfumes (Limonene), colourants.

DIRECTIONS FOR USE

10 ml	max. 50 ml	25 ml	50–100 ml
per 4 L water tank	in 8–10 L of water	(1 dose) in 8–10 L of water	in 10 L of water, depending on soiling
Robot vacuum & mop	**Scrubber-dryer**	**Mopping**	**Intensive cleaning**

Dilution 1:320–1:400 for routine cleaning. Consumption: approx. 0.1 ml/m² for damp mopping; 0.25 ml/m² for intensive cleaning. Let dry before walking on the surface. No rinsing required. Use only diluted; do not mix with other products. In robots: guide dose 2.5 to 3.1 ml per litre of water; before use, check your robot manufacturer's instructions, as too much concentrate may leave marks. In scrubber-dryers, also follow the machine manufacturer's instructions. Devices not included.

LABEL ELEMENTS (Regulation (EC) No 1272/2008)

GHS05 · DANGER **H318** Causes serious eye damage. **H315** Causes skin irritation. **H412** Harmful to aquatic life with long lasting effects. **EUH208** Contains eucalyptol. May produce an allergic reaction. **P101** If medical advice is needed, have product container or label at hand. **P102** Keep out of reach of children. **P280** Wear protective gloves/eye protection/face protection. **P305+P351+P338** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **P310** Immediately call a POISON CENTER/doctor. **P501** Dispose of contents/container: product residues and non-empty packaging at a hazardous waste collection point; empty packaging in separate plastic collection, as per local regulations. **Contains:** Oxirane, 2-methyl-, polymer with oxirane, mono(2-propylheptyl) ether; Quaternary ammonium compounds, benzyl-C12-16-alkyldimethyl, chlorides. **In case of accident:** 112 or Poisons Information Centre (Ireland), +353 1 809 2166 (8 am–10 pm).

STORAGE AND DISPOSAL

Keep in the original container, tightly closed, in a well-ventilated place away from direct sunlight. Keep out of reach of children. Do not pour the concentrate down the drain; take product residues to a hazardous waste collection point. The diluted solution, used as directed, can be disposed of via the household drain. The completely empty packaging (PE-HD 02 bottle, PP 05 cap) goes to separate plastic collection.

Shelf life: until 12/2035 (on the label: EXP 12/2035); the batch is printed on the pack.

PACKAGING AND IDENTIFICATION

Packaging	1 L PE-HD bottle, PP cap
Case	6 bottles × 1 L
Pallet	76 cases
